Minimum Advertised Price (MAP) Policy:

Homey Design believes in the importance of keeping competition healthy. We have heard feedback and concerns about price ranges vastly differing from one store to another and with online retailers. With the installation of MAP, Homey Design requires that the minimum display pricing online or in printed materials must be set at 2X the standard wholesale price. For example a \$1995 item cannot be displayed at a price lower than \$3,990. Homey Design prohibits partners from advertising below that price to keep competition and brand value equal. Keep in mind, MAP only applies to advertised prices, and customers are still allowed to sell below the indicated limit if they wish so..

We believe this is the best option moving forward, and we expect to create equal earning opportunities in the market by putting emphasis on value rather than price. This new equalized system was created in an effort to stop price gouging that puts profit margins at a strain for some of our partners. Companies violating the MAP Policy or any other aspect of terms within will have their accounts suspended and potentially closed for repeat offenses.

Drop Shippers / Packing Fee:

All online and brick and mortar drop shipping product directly to the consumer will be charged an additional 5% Drop Ship Fee to cover additional expenses of extra packaging and visual inspection (including photographs of packed shipment prior to their delivery pick up. Homey Design charges 2.5% or \$100, whichever is greater per order to palletize an order for shipment. Palletization is recommended and highly reduces the possibility of freight damage to the items in transit to your facility.

All merchandise is intended for residential use only, and not designed for industrial, commercial, institutional and rental use. Damages caused by such uses and normal wear & tear are not eligible for return or exchange.

Accuracy of displayed products on this website (including colors, textures, patterns, dimensions, weight, etc.) are approximate only. Due to various factors, we cannot guarantee this information to be 100% accurate and may slightly vary with each product.
